

Transformed business

Microsoft Office 365 for Enterprise

Microsoft Office 365 for Enterprise is a complete, intelligent solution for large organisations. Office 365 Enterprise plans empower the organisation to work together, securely, focusing on four main attributes: collaboration, security & compliance, intelligence & analytics, and mobility.

Types of Plans

- **Microsoft Office 365 ProPlus**

- Fully installed and online Office productivity tools plus cloud file storage and sharing with OneDrive
- Microsoft Office 365 Enterprise E1
- Cloud based solution providing online email and calendar services, plus edit and create Word, OneNote, PowerPoint and Excel documents with Office Online
- Collaborate and communicate with SharePoint, Yammer, Microsoft Teams, Skype for Business and OneDrive

- **Microsoft Office 365 Enterprise E3**

- All the features of Office 365 ProPlus and Office 365 Enterprise E1 plus security and compliance tools, such as legal hold, data loss prevention, and more
- Fully installed office productivity tools and integrated collaboration services
- 100GB email storage with Exchange Online and unlimited file storage with OneDrive

- **Microsoft Office 365 Enterprise E5**

- All the features of Enterprise E3 plus advanced security, analytics, and voice capabilities
- Transform big data into insightful information with Microsoft's Business Intelligence tools. Power BI puts
- the power of big data in your hands, makes your business more agile and allows for quicker decisions
- Skype for Business and Teams integrates with your telephone system, lets you make and receive business calls in the office, at home, or on the road, using your phone, desktop or mobile device
